

TOURNAMENT PROTOCOLS

- All players, coaches and spectators should [self-screen](#) before attending the tournament.
- Any individuals who have symptoms, or who have had symptoms within the last 10 days, should NOT attend the tournament.
- All vulnerable individuals are advised NOT to attend the tournament.
- Teams are asked NOT to arrive to any game more than 15 minutes before kick-off.
- Teams should wait until the field and bench area have been vacated prior to entering for their scheduled game.
- Spectators are asked to wait until the sideline is cleared after the previous game before approaching the field.
- It is recommended that no more than ONE spectator per player attends games.
- Spectators should always wear masks and practice social distancing.
- Players should wear a mask except when playing in a game.
- Coaches should wear masks on the sideline unless maintaining social distance from all players and referees.
- Coaches and players should practice social distancing during pre-game warm-up, team talks, half-time, and at the end of the game.
- Teams are requested to avoid handshaking, high fives, hugs, or any other celebrations that involve contact between individuals.
- No water stations will be provided: players should bring their own water, which should not be shared with other players.
- All players, coaches and spectators are asked to immediately vacate the field and bench area following each game.
- There will be NO tournament awards ceremonies of any kind - medals will be provided to the respective team coach/manager at tournament headquarters.
- There will be restricted access to tournament headquarters: only tournament staff and team officials should enter, and masks or face shields will be MANDATORY for entry.
